»Safe toy«	Extended catalogue of criteria according to TÜV LGA and further restrictions by the customer and national testing institutes. Please find the concerned limit values in the catalogue of criteria in the appendix

General prohibition of use

Materials, substances and preparations that are subject to a legal prohibition of use cannot be included in the ordered product. If legal limit values are determined for materials and substances, the delivered items must comply with these limit values.

Documentation and verification

The supplier will make data available on demand, especially a safety data sheet (SDS) concerning the materials used in the ordered items.

The materials used for the product and the packaging are odourless (no smell of plastic, solvent or other similar vapours).

Exceptions

Exceptions from this declaration are only allowed after consulting Gebr. FALLER GmbH and must be documented individually in written form and authorised by Gebr. FALLER GmbH.
